CABINETS

RAIL KITS

▲ ProCart's sturdy construction, moveable side gates, compartment-filled handle, and I-beam posts provide functionality, but it's in your warehouse that ProCart best proves its versatility. Use it for inventory, order picking, packaging, or anywhere you need a portable workstation.

AKROBINS®

Heavy-duty polypropylene bins securely stack atop each other and hang from rail systems* for high-density storage.

▲ Large ProCart 30936
Shown with 30239 AkroBins stacked on bottom shelf.*
Total of 24 bins per cart.
Bin size:
10.75" L x 8.25" W x 7" H.

▲ Small ProCart 30930
Shown with 30230 AkroBins stacked on bottom shelf.*
Total of 20 bins per cart.
Bin size:
10.88" L x 5.5" W x 5" H.

* Get even higher density storage with the AkroBins by using the ProCart's optional Rail Kit shown on page 18.

RAIL KITS

▲ The ProCart's refined looks conceal a level of durability surpassing typical plastic, metal, or wood carts. Molded of high-density polyethylene structural foam, the ProCart has a 400-lb. capacity, is dent-resistant, rustproof, and unaffected by weak acids, alkalis, oils, or grease.

Tip: Use long bins, facing only one side of cart to store long parts. Use AkroBins on Rail Kit or drawer cabinets to maximize storage for small parts.

NSBEES™

The only small parts bin that can nest and stack, versatile NSBees help organize work areas and expand storage space.

▲ Large ProCart 30936
Shown with 30778 NSB™ stacked on bottom shelf.* Total of 12 bins per cart. Bin size: 17.88" L x 8.38" W x 7" H.

▲ Large ProCart 30936
Shown with 30776 NSB™ stacked on bottom shelf.* Total of 15 bins per cart. Bin size: 17.88" L x 6.62" W x 7" H.

* Rail Kit is not required to support NSB's.

RAIL KITS

▲ We created the ProCart for people who need a cart with maximum utility. It has the flexibility to provide accessible, mobile supplies while doubling as a workstation for general projects. The side gates on both shelves can be folded down for the convenience of a table top or easily flipped up for a more controlled surface area.

AKRO-MODUBOXES

Durable Moduboxes protect fragile items in storage or transfer. Optional dividers create compartments for organizing small-to-medium size parts.

▲ Large ProCart 30936
Shown with 11105
Akro-Moduboxes.
Total of 28 bins per cart.
Bin size:
16.5" L x 10.88" W x 2.94" H.

▲ Large ProCart 30936
Shown with 11115
Akro-Moduboxes.
Total of 16 bins per cart.
Bin size:
16.5" L x 10.88" W x 4.94" H.

▲ Innovative I-beam posts define ProCart's character while making the bottom shelf fully accessible. Our engineers and designers broke the barriers of conventional form and function to create a cart that satisfies the demands of any project and still fits easily into a corporate setting as well as it does in the warehouse.

AKRO-ALC'S

ALC's are perfect for order-picking, closed-loop distribution, and storage applications. Attached lids protect contents and never get lost.

▲ Large ProCart 30936
Shown with 39170 Akro-ALC's.
Total of 2 ALC's per cart.
Bin size:
21.5" L x 15" W x 17" H.

▲ Small ProCart 30930
Shown with 39085 Akro-ALC's.
Total of 4 ALC's per cart.
Bin size:
21.5" L x 15" W x 9" H.

▲ ProCart's practical features make it right at home in any setting. Its rounded edges and corners, locking wheels, no-tip stability, and easy-to-clean surface are designed to be user-friendly. Small items are neatly contained in deep, molded-in compartments which keep everything from paper clips to your coffee mug handy.

AKRO-GRIDS

Akro-Grids are compatible with most racks, shelving, and automated material handling equipment for efficient storage and transfer of products.

▲ Large ProCart 30936
Shown with 33166 Akro-Grids.
Total of 12 Akro-Grids per cart.
Bin size:
16.5" L x 10.88" W x 6" H.

▲ Small ProCart 30930
Shown with 33105 Akro-Grids.
Total of 16 Akro-Grids per cart.
Bin size:
10.88" L x 8.25" W x 5" H.

▲ The ProCart has four wheels and two shelves—that's where its similarity to other carts ends. With its moveable side gates, the ProCart does what no other utility cart can; converts from box top to flat top – quickly adapting to the task at hand.

NEST & STACK TOTES

NST's are designed for storage, transfer, and shipping applications. NST's stack with or without lids and nest when empty.

▲ Large ProCart 30936
Shown with 35185 Akro-NST's.
Total of 6 NST's per cart.
Bin size:
18" L x 11" W x 9" H.

▲ Large ProCart 30936
Shown with 35180 Akro-NST's.
Total of 9 NST's per cart.
Bin size:
18" L x 11" W x 6" H.

RAIL KITS

▲ Flexibility is attained with ProCart's optional 9-rail hanging system. Use it with AkroBins® and Cabinets to add a multitude of bin configurations, or stack large containers alone on the lower shelf. The possibilities are endless.

STEEL STORAGE CABINETS

Heavy-duty steel-frame cabinets protect and organize small parts for transport on your ProCart. Strong, high-impact polystyrene drawers are transparent for instant content identification.

▲ **Large ProCart 30936**
Shown with 30230 AkroBins® and 19909 Steel Cabinets.*
Total of 4 cabinets, 16 bins per cart.

▲ **Small ProCart 30930**
Shown with 30230 AkroBins® and 19909 Steel Cabinets.*
Total of 2 cabinets, 18 bins per cart.

* The 9-Rail Hanging System and suspension straps are required to hang cabinets on the ProCart. See pg. 18 for details.
