

# PARK-N-PAK

**The Park-n-Pak is a great solution for parking garages**

**Price per unit: \$950**  
**Storage: 128 cu. ft.**

The Park-n-Pak lockable storage unit mounts to the front of a car parking stall, utilizing what was previously dead space. This unit is completely secure and can be mounted to the wall at different heights accomodating different sizes of vehicles.

Hooks and shelves are also available. All anchoring hardware is included in the price, just let us know what type of wall you are securing the storage unit into.

*Materials: 1.25"x1.25" x3/16" thick angle steel. 8 gauge 2" welded wire mesh. All hot-dipped galvanized after fabrication*

## FEATURES

- Makes usable storage out of dead space
- Easy installation
- Fully Lockable
- Great for parking garages
