2100 Series- Centurium Bike Dock

6900 Series- Bike Dock

You could call it functional art. The unobtrusive Bike Dock is designed for areas where space is limited. Locking two bikes, the Bike Dock attractively saves space on the edge of walkways.

2100 Series

2100 Series

- ◆ Locks two bikes
- ◆ Heavy duty, 2 3/8" outer diameter, 9 gauge, tubular steel base
- ◆ Finished in a double-coat polyester TGIC coating.

Specifications 2100 Series

2 3/8" schedule 40 steel pipe, 9 gauge

Model	Bikes	Type of mount	weight	length	width	height	Space Requirement
2112	2	below grade	40 lbs.	30"	2.4"	36"	68" x 110"
2113	2	flange mount	35 lbs.	34"	6"	36"	68" x 110"

6900 Series

- ◆ Locks two bikes
- ◆ Heavy duty, 1.66", 12 gauge, tubular steel base
- ◆ Electroplated in a chromate solution
- ◆ Ultra seal is applied giving the rack a chrome sheen

An independent laboratory, Scientific Control Laboratories, Inc., did extensive testing on this new electroplating process. They found that hot dipped galvanizing showed 97% white corrosion after twenty-four hours of salt spray testing, while electroplating showed only small traces of corrosion after 288 hours. Graber is adopting this breakthrough process providing our customers with the best quality and aesthetically pleasing product available.

6900 Series

Specifications 6900 Series

1.66" 12 gauge electrowelded steel tubing

Model	Bikes	Type of mount	weight	length	width	height	Space Requirement
6902	2	below grade	17 lbs.	34"	2"	36"	68" x 110"
6903	2	flange mount	25 lbs.	30"	6"	36"	68" x 110"

WAVE SERIES

Bright White

3700026

Beige

3700027

Safety Yellow

3700001

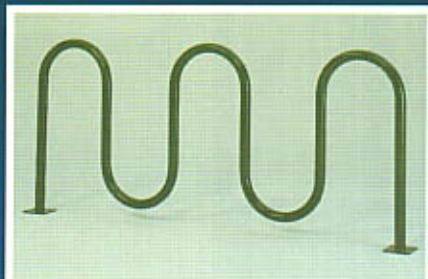

What you might call simple, we call graceful. We combined a simple, flowing design and sturdy utility in the Wave system. Without sharp corners, it's safe for children, and its elegance will enhance any architectural setting.

2100 Series

- ◆ Heavy duty, 2 3/8" outer diameter, 9 gauge tubular steel base

6800 Series

- ◆ 1.66", 12 gauge, model offers the same rugged utility at a price that is unbeatable in the market
- ◆ Durable, double-coated polyester TGIC coating (standard color is black)
- ◆ Locking versatility with a standard cable lock or U-lock.

Available Wave Colors

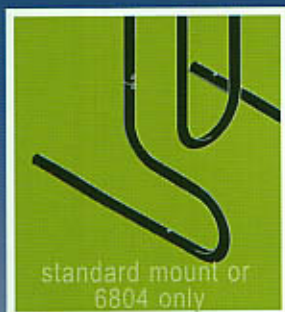

Due to variations in the printing process, the above reproductions are only a guide to actual powder coating colors when applied to metal substrates. Many additional designer colors available. Contact representative for samples.
