Fiberglass Receptacles

[Product Sections](#) | [Waste Receptacles](#)

Medallion Collection® Fiberglass Receptacles

Safco's Medallion Collection of fiberglass receptacles makes waste management easy, attractive and affordable. Each is constructed with fire-retardant resins to protect your facility and ultraviolet-resistant properties for long-life in sunlight. Using the highest quality fiberglass construction and the hardest gel coat finishes, each Medallion receptacle will retain its appearance for years. They're easy to maintain yet tough enough to survive the busiest traffic areas. Best of all, Medallion receptacles are priced with your budget in mind.

Safco stocks all Medallion models in the three most popular colors: Charcoal, Almond and Gray, for immediate shipment. We also offer 27 additional special order colors plus an infinite range of custom colors. Medallion's common base system with specialized lids allows you to mix and match colors. It's a wonderful way to complement a wide range of architectural and interior styles.
