

SECURITY MANUFACTURING CORPORATION LIMITED WARRANTY

All SECURITY MANUFACTURING CORPORATION (SMC) products are guaranteed in material and workmanship for a period of five (5) years. SMC's obligations under this warranty are expressly limited to repair or replacement of any unit or component part, which in SMC's judgment meets this warranty. All products must be returned to SMC at the customer's expense with prior authorization from SMC. SMC's obligation shall in no event include damage resulting from transportation, neglect or misuse or for any consequential damage. Normal wear and tear or slight color change are not covered by this warranty. Products not manufactured by SMC carry their own manufacturer warranty. Locks are under warranty for one year. SMC reserves the right to modify product specifications without notice. Some styles of mailboxes or accessories are for private sector use and may therefore need local Postmaster approval for U.S.P.S. delivery.

MAILBOX MAINTENANCE

Security Manufacturing recommends cleaning the surface of mailboxes with Windex or any quality glass cleaner and a soft cloth.
